the survey.

Dear Sweetwater ISD Community,

Great things are happening in the Sweetwater Independent School District as we continue in our tradition of success in outstanding academic programs and extra-curricular activities.

In October, at the Board of Trustees' direction, we convened a Bond Planning Committee made up of Sweetwater community members, business leaders, and Sweetwater ISD staff and parents to evaluate and prioritize the current and future needs of the district. The committee is currently evaluating a variety of options to address aging facilities, to expand current course offerings, and to identify where facility updates are urgently needed. Upon completion of the process, the committee will be able to bring a recommendation to the Board of Trustees on how best to proceed and the possible need for a bond election.

With that in mind, Sweetwater Independent School District would like your opinion concerning our facility needs. We've partnered with an independent polling firm to help us gauge what voters think about the district and options being considered. Please take a few minutes to complete this brief, but very important survey.

Your opinion matters!

Please complete the survey no later than Tuesday, January 10, 2023. Surveys submitted after that date cannot be included in the findings.

Sincerely,

Dr. Deidre Parish
Superintendent
